

BASYS® EFX-250 Faucet with custom laser engraving pattern with ESD-500 Soap Dispenser in Polished Chrome.

Sloan Laser Engravings

Custom engraving for faucets and flushometers

Now you can add your brand to any new or existing BASYS® Faucet and Royal®, Sloan®, and Regal® Flushometer for a unified restroom design. We've extensively tested our engravings for durability in all conditions. From ballparks and clubhouses to museums and universities, your branding lasts as long as our products.

Contact Sloan or your authorized Sales Rep to see how you can add your finishing touch today.

Features and Benefits

- Extend your brand to one of the most highly utilized locations in any facility.
- Available for new or retrofitted BASYS Faucets and most Royal, Sloan, and Regal Flushometers.
- Enhance your creative vision with the ability to add custom logos, patterns, and graphics to select faucets and flushometers.

Project Types

- ✓ Stadiums and Arenas
- ✓ Schools and Universities
- ✓ Convention Centers
- ✓ Airports and Transportation Centers
- ✓ Office Buildings and Retail Centers

Create brand awareness in your commercial restroom.

The commercial restroom is one of the most visible and visited locations in any building. Complete your design and create brand awareness by adding a logo or pattern to your products. Custom engravings are perfect for sports teams, universities, and corporate headquarters that want to continue their brand story.

Extend your visual design language.

With laser-etched precision, you have the creative flexibility to extend your design vision. Intricate patterns, artwork, and graphics can be added to complete a unique effect.
